PROCEDURES

I. Display and Placement of Flags

- A. The flags of the United States of America, the State of Florida, and the University of Central Florida shall be displayed daily from appropriate flagstaffs.
- B. Flags displayed outdoors will not be displayed when the weather is inclement, except when all-weather flags are used.
- C. Outdoor flags will be raised at sunrise and lowered at sunset, unless there are working lights set to illuminate them during the hours of darkness.

height, the United States flag should be placed in the honor position to the right of the other flags, as observed while standing directly in front of the building and facing out toward the flags. If the staffs are of unequal height, the United States flag should be displayed from the tallest staff, which should be placed in the center of the three staffs.

- G. When displayed with another flag against a wall from crossed staffs, the United States flag should be on the right, the flag's own right, and its staff should be in front of the staff of the other flag.
- H. When the United States flag is carried in a procession with another flag, the United States flag should be carried on the marching right or in front of the center of the line.

- B. Flags will be hoisted briskly and lowered ceremoniously.
